

ADA Named one of the Colorado Technology Fast 50

DENVER (October 23, 2007): DENVER (October 16, 2007): For the second consecutive year, ADA Technologies, Inc. has been named to Deloitte's prestigious Colorado Technology Fast 50, a ranking of the 50 fastest growing technology, media, telecommunications and life sciences companies in Colorado by Deloitte & Touche LLP.

With a revenue growth of 74 percent from 2002 to 2006, ADA ranked 33 among Colorado's Fast 50 companies. Rankings are based on companies' five-year revenue growth.

According to Clifton H. Brown, Jr., president of ADA Technologies, "Once again we are honored to be among the 50 fastest growing technology companies in Colorado. ADA's most precious asset is its employees; it's due to their hard work and dedication that we are able to be successful in the very competitive arena of scientific research, development and commercialization. The Fast 50 provides valuable feedback that we will use to drive our continual improvement process and sustain our growth."

About ADA Technologies, Inc.

ADA Technologies, Inc. is a research, development, and commercialization company that specializes in creating and converting innovative technologies to commercial successes. The firm is headquartered in Littleton, Colorado, with an office on the University of Wyoming campus in Laramie.
