

## **Tony San Miguel Joins ADA Technologies**

**DENVER, Colo. (June 16, 2008):** Tony San Miguel has joined ADA Technologies, Inc. as Manufacturing Technician in the firm's Advanced Distributed Sensor Systems (ADSS) division. ADSS manufactures ADA's patented miniaturized WeatherPod® Network.

ADSS' WeatherPod® Network was developed to obtain critical weather and environmental information from remote locations worldwide. It is used by the military to make decisions related to battlefield plans and troop deployment and has applications for civilian emergency response planning and emergency evacuation.

San Miguel has more than 30 years of experience in electronics manufacturing and testing. His background includes working for DCX CHOL Enterprises, Franktown, Colorado; Kaiser Electro Optics and Linear Corporation, Carlsbad, California; and Hughes Aircraft Company, El Segundo, California.

He is a graduate of DeVry Institute of Technology, Phoenix, Arizona.
